SUSTAINABILITY

At Lezyne, we pride ourselves on our core values of high-quality, engineered design. Our new packaging solutions are a testament to this commitment to excellence. We believe that every detail matters, from the materials we use to our packaging design. By prioritizing product protection and reducing waste, we're doing our part to contribute to a more sustainable future while maintaining our dedication to innovative and engineered design.

PURE FUNCTION AND CLEAN AESTHETICS

We built Lezyne on a foundation of formidable engineering, award-winning design, and in-house manufacturing. This combination has brought us to the forefront of the bicycle accessories realm, where we continue to lead the way. We are the designers, developers, and producers of every product we sell, so nothing holds us back. Without traditional manufacturing limits, we've innovated and progressed to new heights this year. Our expanded Year 17 Collection features the pinnacle of new tech and designs, refined over nearly two decades.

Lezyne – Engineered Design.

 **NEW PRODUCTS HAVE THIS ICON NEXT TO THE LISTING**

LED LIGHTS

A cyclist is riding away from the viewer on a paved road at night. The road is illuminated by the cyclist's bright white front headlight and red rear taillight. The road has double yellow lines and is flanked by a fence and some vegetation. In the background, there are hills and a utility pole under a dark blue sky.

NEW FEATURES:

Waterproof USB-C

Engineered Optical Lens Design

Increased Battery Capacity

Fresh Form Factor

Improved Heat Dissipation

LED LIGHTS

Our lights continue to lead the industry in quality, design, and safety. All of our lights are designed and produced in-house to meet our strict performance standards and feature advanced programming, the best materials, optimized lenses, and class-leading emitters. They are then verified in our own integrating sphere and each light is quality controlled before leaving our factory. Furthermore, with daytime visibility becoming more important than ever, we offer a full range of head and taillight options to keep you visible at all hours of the day. We've continued to develop "Smart Connect" for our LED platform, giving users even more control and ease of use throughout our line of premium bike lights.

LED ALLY APP

Smart Connect is an innovative technology we developed in-house to control, simplify, and customize compatible Lezyne LED lights. Using the app, Smart Connect lights can be controlled directly and/or programmed (as a combo or individually). Paired combos allow the front light to wirelessly control the rear light.

The Alert feature detects deceleration on the bike.

Control compatible Smart Connect LED lights with our app or GPS.

New lens technology provides up to 270° of visibility.

Disruptive flash patterns for the best daytime visibility.

Infinite Light Power Pack Compatible.

Engineered three-LED system with optimized lens.

Waterproof USB-C fast charge compatible.

IPX7 Waterproof rating.

NEW MEGA DRIVE 2400+

280g

- Max 2,400 lumen output / 450-hour max runtime in Femto mode.
- Waterproof USB-C 2A fast charging. (cable not included)
- Innovative High-Beam/Low-Beam patterns.
- CNC-machined aluminum construction with cooling fins.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 9600 mAh battery capacity.

LOADED KIT Includes:

- Mega Drive 2400+ Front Light.
- Infinite Light Power Pack+.
- LED Alloy Handlebar Mount.
- GoPro LED Adapter.

NEW SUPER DRIVE 1800+ SMART

240g

- Max 1,800 lumen output / 180-hour max runtime in Femto mode.
- Waterproof USB-C 2A fast charging. (cable not included)
- CNC-machined aluminum construction with cooling fins.
- Tri-Focus Optics: brighter center spot in large wide-angle pattern.
- Smart Connect Compatible - control your lights with our free LED Ally App.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 6600 mAh battery capacity.

LOADED KIT Includes:

- Super Drive 1800+ Smart Front light.
- KTV Pro Smart Rear.
- LED Handlebar Mount.
- GoPro LED Adapter.

- Waterproof USB-C 2A fast charging. (cable not included)
- CNC-machined aluminum construction with cooling fins.
- Tri-Focus Optics: brighter center spot in large wide-angle pattern.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 5200 mAh battery capacity.

STRIP DRIVE PRO 400+ REAR

- Max 400 lumens / 80-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- USB-C waterproof charging. (cable not included)
- Lightweight and durable co-molded design.
- Seven combined solid and flash modes.
- Aero and round seatpost compatible.
- Rigorously tested to IPX7 Waterproofing standards
- 1900 mAh battery capacity

LZ1LED4PV1737

NEW LITE DRIVE 1200+ / KTV DRIVE PRO+ PAIR

Front: 174g - Rear: 45g

LITE DRIVE 1200+ (FRONT)

- Max 1,200 lumen output / 60-hour max runtime.
- Waterproof USB-C 2A fast charging. (cable not included)
- CNC-machined aluminum construction with cooling fins.
- Fresh Optical Design.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 3800 mAh battery capacity.

KTV DRIVE PRO+ (REAR)

- Max 150 lumens / 20-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- Unique aero and round seatpost compatible design.
- Rigorously tested to IPX7 Waterproofing standards.
- Integrated USB-stick for cable-free recharging.
- 400 mAh battery capacity.

LZ1LED16PV737

NEW MICRO DRIVE 800+ / STRIP DRIVE 300+ PAIR

Front: 135g - Rear: 71g

MICRO DRIVE 800+ (FRONT)

- Max 800 lumen output / 35-hour max runtime.
- Waterproof USB-C charging. (cable not included)
- CNC-machined aluminum construction with cooling fins.
- Fresh Optical Design.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standard.
- 1900 mAh battery capacity.

STRIP DRIVE 300+ (REAR)

- Max 300 lumens / 80-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- USB-C waterproof charging. (cable not included)
- Lightweight and durable co-molded design.
- Seven combined solid and flash modes.
- Aero and round seatpost compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 1400 mAh battery capacity.

LZ1LED2PV1637

NEW FUSION DRIVE PRO 600+ / STRIP DRIVE 300+ PAIR

Front: 98g - Rear: 71g

FUSION DRIVE PRO 600+ (FRONT)

- Max 600 lumen output / 36-hour max runtime.
- Waterproof USB-C charging. (cable not included)
- CNC-machined aluminum construction with cooling fins.
- Fresh Optical Design.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 1900 mAh battery capacity.

STRIP DRIVE 300+ (REAR)

- Max 300 lumens / 80-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- USB-C waterproof charging. (cable not included)
- Lightweight and durable co-molded design.
- Seven combined solid and flash modes.
- Aero and round seatpost compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 1400 mAh battery capacity.
- Aero and round seatpost compatible.
- Micro USB rechargeable.

LZ1LED39PV237

HECTO DRIVE 500XL / STRIP DRIVE 300+ PAIR

Front: 84g - Rear: 71g

HECTO DRIVE 500XL

- Max 500 lumens / 20-hour runtime in Femto mode.
- CNC-machined aluminum with cooling fins.
- Highly disruptive Daytime Flash mode.
- Integrated USB-stick for cable-free recharging.
- Optional GoPro mount available separately .
- Rigorously tested to IPX7 Waterproofing standards.
- 650 mAh battery capacity.
- Aero and round seatpost compatible.
- Micro USB rechargeable.

LZ1LED9PV1804

STRIP DRIVE 300+ (REAR)

- Max 300 lumens / 80-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- USB-C waterproof charging (cable not included)
- Lightweight and durable co-molded design.
- Seven combined solid and flash modes.
- Aero and round seatpost compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 1400 mAh battery capacity.
- Aero and round seatpost compatible.
- Micro USB rechargeable.

NEW

MINI DRIVE 400XL / KTV DRIVE PRO+ PAIR

Front: 64g - Rear: 45g

MINI DRIVE 400XL (FRONT)

- Max 400 lumens / 20-hour runtime in Femto mode.
- CNC-machined aluminum construction.
- Highly disruptive Daytime Flash mode.
- Integrated USB-stick for cable-free recharging.
- Optional GoPro mount available separately .
- Rigorously tested to IPX7 Waterproofing standards.
- 650 mAh battery capacity.

LZ1LED24PV704

KTV DRIVE PRO+ (REAR)

- Max 150 lumens / 20-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- Unique aero and round seatpost compatible design.
- Rigorously tested to IPX7 Waterproofing standards.
- Integrated USB-stick for cable-free recharging.
- 400 mAh battery capacity.
- Simple and secure o-ring mounting system.
- Lightweight design constructed from durable composite material.

NEW KTV DRIVE / KTV DRIVE+ PAIR

Front: 47.4g - Rear: 45g

KTV DRIVE (FRONT)

- Max 200 lumens / 40-hour runtime in Flash mode.
- Highly disruptive Daytime Flash mode.
- Integrated USB-stick for cable-free recharging.
- Durable co-molded rubber body.
- Patented 2-in-1 clip-on or strap mount options.
- Rigorously tested to IPX7 Waterproofing standards.
- 400 mAh battery capacity.

LZ1LED12PV704

KTV DRIVE+ (REAR)

- Max 40 lumens / 45-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- Unique aero and round seatpost compatible design.
- Rigorously tested to IPX7 Waterproofing standards.
- Integrated USB stick for cable-free recharging.
- 400 mAh battery capacity.

FEMTO USB DRIVE PAIR - BLACK

Front: 23g / Rear: 24g

- Compact, super lightweight.
- 15 lumens of output (front) / 5 lumens of output (rear).
- Durable co-molded construction.
- Wide Angle Optics: 270° of visibility.
- Versatile mounting strap.
- Micro USB rechargeable.

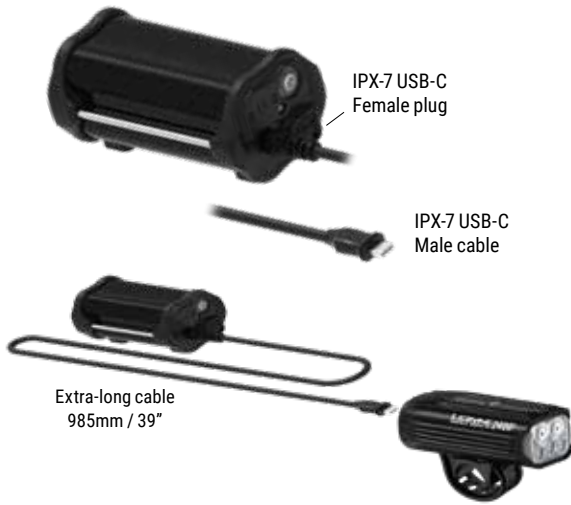

LZ1LED31PV104

INFINITE LIGHT POWER PACK+ FUNCTIONALITY

- IPX-7 USB-C Female charging plug behind waterproof dust cover.
- IPX-7 USB-C Male cable for connecting to lights and accessories.
- Smart Power Management:
 - When used with compatible Lezyne LED, the lights will use 100% of the pack output; however, depending on the mode selected, additional power may come from the lights' internal battery.
 - In lower light output modes, the pack will charge the internal battery and power the LEDs.
 - When the light is off, the pack will charge the lights internal battery.

Compatible LEDs: Mega Drive 2400+, Super Drive 1800+, Macro Drive 1400+, Lite Drive 1200+, Micro Drive Pro 1000+, Micro Drive 800+, Classic Drive XL 700+, Classic Drive 500+, Fusion Drive Pro 600+, KTV Drive Pro 300+

NEW INFINITE LIGHT POWER PACK XL+

- IPX7-rated external power pack enhances runtimes of compatible LEDs.
- Powerful 13,200mAh battery capacity, 49WHR.
- Extra-long cable (985mm / 39").
- Compatible with iPhone 15, Samsung, etc., and other USB-C devices (older iPhones require USB-C to Lightning adapter).
- USB-C PD compliant, 5V-3A, 9V and 12V.
- Securely mounts to frame with adjustable Velcro strap.

LZ1LEDPWRPKV304

NEW INFINITE LIGHT POWER PACK+

- IPX7-rated external power pack enhances runtimes of compatible LEDs.
- Powerful 7600mAh battery capacity, 28WHR.
- Extra-long cable (985mm / 39").
- Compatible with iPhone 15, Samsung, etc., and other USB-C devices (older iPhones require USB-C to Lightning adapter)
- USB-C PD compliant, 5V-3A, 9V and 12V.
- Securely mounts to frame with adjustable Velcro strap.

LZ1LEDPWRPKV204

NEW

TYPE C USB CABLE

- 12g • TYPE-C to USB-A cable.
- Cable length: 30cm.
- For use with USB-C rechargeable lights and Infinite Light Power Pack+.

UNIVERSAL HELMET MOUNT

28.5g

- Universal helmet mount adapts to most strap-style lights.
- Composite Matrix construction.
- Velcro strap fits nearly all helmet styles.

LZ1LEDHMTV404

NEW

LED qPRO MOUNT

18g CNC- Machined Aluminum Billet Construction

- Ultra Secure Twist Locking Mechanism
- Low Profile Design
- Compatible with all Lezyne LEDs
(excluding: KTV Pro, KTV, Zecto, and Femto models)
- Limited compatibility with StVZO LEDs!
- Standard StVZO (above handlebar mount compatible)
- Specially designed and marked reverse StVZO models
(below handlebar mount compatible)

WIRE MOUNT

15g

- Lightweight, stainless steel Lezyne LED mount.
- Bolts directly to fork.
- Includes mount, spacer, and screw set.
- Suitable for most Lezyne bike front lights LEDs.
(Super, Classic, Macro, Power, Power Pro, Micro, Hecto)

LZ1LEDRPEMTWV10

EBIKE STEM MOUNT - OUT FRONT

45.2g

- Versatile LED and accessory forward mount.
- Multiple mounting options.
- Composite Matrix construction with aluminum arms.
- Bolts directly to stem faceplate.
- Includes mounting hardware (Stem mount, 2x mount arm, 2x length 30 mm/35 mm length to match most stems, screw set)
- Suitable for most Lezyne bike front light LEDs.
(Super, Classic, Macro, Power, Power Pro, Micro, Hecto)

LZ1LEDRPEMTSTM

FLOOR PUMPS

FLOOR PUMPS

From bike shops to World Tour mechanics, our floor pumps have consistently been the number one choice of professionals worldwide. Our pump performance and durability are second to none because we're dedicated to extensively designing and manufacturing with the finest materials available. Every pump is 100% quality control tested before leaving the factory. We don't cut corners and keep our pumps rebuildable for long lasting use.

CNC DIGITAL DRIVE 3.5

1498g

- CNC-machined aluminum construction.
- Precision 3.5-inch digital gauge. (220 psi / 15 bar)
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- ABS1-Pro chuck for Presta and Schrader.

Satin Black: LZ1FPCNCDDRV437

GRAVEL DIGITAL DRIVE PRO

1573g

- CNC-machined aluminum construction.
- Precision 3.5-inch digital gauge. (100 psi / 6.89 bar)
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- Varnished wood handle.
- ABS1 Pro with Presta / tubeless stem chuck.

Black: LZ1FPGRVLP104

SPORT GRAVEL DRIVE

1742g

- Mid-volume steel barrel and piston with composite matrix base.
- Precision 3.5-inch gauge. (100 psi / 6.89 bar)
- Extra long, high strength hose.
- Varnished wood handle.
- ABS1 Pro with Presta / tubeless stem chuck.

Matte Black: LZ1FSPGRVL117

CNC FLOOR DRIVE 3.5

1693g

- CNC-machined aluminum construction.
- Oversized 3.5-inch gauge. (220 psi / 15 bar)
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- Anodized high-polish finish.
- ABS1-Pro chuck for Presta and Schrader.

Satin Black: LZ1FPCNCDRV537

ALLOY FLOOR DRIVE 3.5

1791g

- CNC-machined aluminum construction.
- Oversized 3.5-inch gauge. (220 psi / 15 bar)
- Varnished wood handle with aluminum junction.
- Extra long, high-strength hose.
- Anodized high-polish finish.
- ABS1-Pro chuck for Presta and Schrader.

Satin Black: LZ1FPAFLDRV537
 Black: LZ1FPAFLDRV504

Standard

STEEL FLOOR DRIVE 3.5

1885g

- Steel barrel and piston with machined aluminum base.
- Precision 3.5-inch digital gauge. (220 psi / 15 bar)
- Varnished wood handle.
- Extra-long, high-strength hose with matrix couplers.
- ABS1-Pro chuck for Presta and Schrader.

Flat Black: LZ1FPSFLDRV747

Black: LZ1FPSFLDRV704

SPORT FLOOR DRIVE 3.5

1665g

- Steel barrel and piston with Composite Matrix base.
- Oversized 3.5-inch gauge. (220 psi / 15 bar)
- Varnished wood handle.
- Extra long, high-strength hose.
- ABS1-Pro or Dual Valve chuck.

Flat Black: LZ1FSPFLDRV547

Black: LZ1FSPFLDRV504

MACRO FLOOR DRIVE DV

Dual Valve 1257g

- Steel barrel and piston.
- Composite Matrix handle and base.
- Extra long, high-strength hose.
- Available with ABS Flip-Thread or Dual Valve chuck.

Flat Black: LZ1FPMFLV247

Matte Black: LZ1FPMFLV204

DIGITAL PRESSURE OVER DRIVE

2517g

- Integrated tank system to seat tubeless tires.
- Manually pressurized secondary chamber with a stainless steel foot lever release.
- Precision digital gauge. (220 psi / 15 bar)
- Durable steel and aluminum construction.
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- ABS1-Pro chuck for Presta and Schrader.

LZ1FPDPRODRV204

PRESSURE OVER DRIVE

2492g

- Integrated tank system to seat tubeless tires.
- Manually pressurized secondary chamber with a stainless steel foot lever release.
- 2.5-inch gauge. (220 psi / 15 bar)
- Durable steel and aluminum construction.
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- ABS1-Pro chuck for Presta and Schrader.

LZ1FPPRODRV204

TRAVEL READY:
Digital Travel Floor Drive

NEW DIGITAL TRAVEL FLOOR DRIVE 792g

- 160 psi, 11 bar.
- Portable floor pump with integrated highly accurate digital gauge.
- CNC machined aluminum barrel and base, steel piston, composite matrix handle.
- Stainless steel footpegs fold out for added stability.
- ABS1 Pro with threaded Presta-only chuck.

Black: LZ1FPDTRV104

ABS1 PRO HP CHUCK

47g

- CNC-machined aluminum and Composite Matrix construction.
- Thread-on design.
- Chuck "flips" for Presta and Schrader compatibility.
- Integrated Presta valve-core tool.
- Self-lubricating anodized aluminum swivel.

HP (Red): LZ1ABS1PCHUCKV1
 Replacement Chuck only: LZ1RPABS1PHEAD1

DUAL VALVE HEAD

51g

- Dual Valve chuck fits Presta, Schrader, and Dunlop valves.
- Composite Matrix construction.
- Aluminum locking lever.

LZ1DUALV104

Valve Stem only

Presta

ABS-1 PRO TUBELESS CHUCK HEAD

7.8g

- Presta and M6x0.8 compatibility.
- CNC machined aluminum.
- Threaded tip.
- Head ONLY.
- For CNC Tubeless Drive, Sport Gravel Drive, Gravel Digital Drive, and Gravel Digital Drive Pro.

LZ1RPABS1PHEAD2

ABS BRAIDED FLOOR PUMP HOSE

Replacement nylon-braided floor pump hose with ABS flip thread chuck and connectors, compatible with all standard pressure bicycle floor pumps and Micro Floor Drive pumps.

LZ1BRAIDHOSEV1

ABS FLOOR PUMP HOSE - STD

Floor pump hose with an included ABS Flip Chuck and connectors, compatible with all standard pressure floor pumps and Micro Floor Drive pumps.

LZ1HOSEV3FLIP

HP FLOOR PUMP ORING KIT

LZ1RPHPRINGKIT1

350 PSI DIGITAL GAUGE 3.5"

Replacement pressure gauge for all floor pumps with a 3.5" (88.9 MM) gauge.

LZ1RPFLDGUEV235

220 PSI GAUGE 3.5"

220 PSI replacement analog pressure gauge for all standard floor pumps (Included on our CNC, Alloy, and Classic Floor Drives).

LZ1RPFLGUEV3220

220 PSI GAUGE 2.5"

220 PSI replacement analog pressure gauge for all high-pressure floor pumps purchased in 2014 or earlier.

LZ1RPFLGUEV2220

HAND PUMPS

HAND PUMP HIGHLIGHTS:

Tubeless tire repair options, knurl grips and classic finishing highlight our latest collection of hand pumps.

HAND PUMPS

Our line of precision-built, category, redefining hand pumps continue to lead the industry in quality, style, and efficiency. We offer a wide range of compact and innovative high-pressure or high-volume pumps. Additional options and features include highly accurate digital gauges as well as durable, quality chucks for both Presta and Schrader valves.

DIGITAL PRESSURE DRIVE

- 170 mm (6.7"), 128g / 120 psi, 8.3 bar.
- Integrated highly accurate digital gauge.
- CNC-machined construction.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes Composite Matrix frame mount.

LZ1MPDPRDRV1S04

CARBON DRIVE LITE

- 170 mm (6.7"), 82g / 120 psi, 8.3 bar.
- MCT composite barrel and handle.
- CNC-machined aluminum piston and hardware.
- Compact overlapping design.
- Presta and Schrader valve compatible ABS Flex Hose.
- Includes Composite Matrix frame mount.

LZ1MPCDLHPV1S05

MICRO FLOOR DRIVE HPG

- 300 mm (11.8"), 210g(HPG) 160 psi, 11 bar (HPG).
- Portable pump with integrated ABS Pen Gauge (HP version without gauge).
- CNC-machined aluminum barrel, piston, base, and T-handle.
- Stainless steel footpeg creates floor pump-like operation.
- ABS Flip-Thread Chuck.
- Includes Composite Matrix frame mount.

HPG, Black: LZ1MPMFDRV204HPG

ROAD DRIVE

- 180 mm (7"), 90g(S); 216 mm (8.5"), 92g (M); 283 mm (11.1"), 120g (L).
- 160 psi, 11 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Threaded or slip-fit Presta valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes aluminum frame mount.

Small / Black: LZ1MPRDDR2S04

Medium / Black: LZ1MPRDDR2M04

Large / Black: LZ1MPRDDR2L04

PRESSURE DRIVE

- 170 mm, 92g (S); 216 mm, 106g (M).
- 120 psi, 8.3 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes Composite Matrix frame mount.

Small / Black: LZ1MPPRSDRV2S04

Medium / Black: LZ1MPPRSDRV2M04

POCKET DRIVE PRO

- 141 mm (5.55"), 98g /160 psi, 11 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes aluminum frame mount.

Black/Neo: LZ1MPPKDRPROV14

POCKET DRIVE

- 141 mm (5.55"), 75g / 160 psi, 11 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose.
- Includes Composite Matrix frame mount.

Black: LZ1MPPKDRV104

HP DRIVE

- 170 mm (6.7"), 77g (S); 216 mm (8.5"), 90g (M) / 120 psi, 8.3 bar.
- CNC-machined aluminum barrel (anodized) and piston.
- Overlapping Composite Matrix handle.
- Presta and Schrader valve-compatible ABS Flex Hose.
- Includes Composite Matrix frame mount.

Small / Black: LZ1MPHPDRV2S04
 Medium / Black: LZ1MPHPDRV2M04

SPORT DRIVE HP

- 170 mm (6.7"), 76g (S); 216 mm (8.5"), 90g(M) / 120 psi, 8.3 bar.
- CNC-machined aluminum barrel and piston.
- Overlapping Composite Matrix handle.
- Presta and Schrader valve-compatible Flex Hose.
- Includes Composite Matrix frame mount.

Small / Black: LZ1MPSPDHPV1S04
 Small / Satin Black: LZ1MPSPDHPV1S37

MICRO FLOOR DRIVE HVG

- 300 mm (11.8"), 210g (HVG); 90 psi, 6.2 bar.
- Portable pump with integrated gauge.
- CNC-machined aluminum barrel, piston, base, and T-handle.
- Stainless steel footpeg aids floor-pump-like operation.
- Presta and Schrader valve-compatible ABS Flip Chuck.

HVG, Black: LZ1MPMFDRV204HVG

POCKET DRIVE PRO HV

- 144mm, 104g / 90 psi, 6.2 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes Composite Matrix frame mount.

Black: LZ1MPPKDRHVPV11
Neo Metallic: LZ1MPKDRHVPV104

ALLOY DRIVE

- 170 mm (6.7"), 114g (S); 216 mm (8.5"), 131g (M) / 90 psi, 6.2 bar.
- CNC-machined construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes Composite Matrix frame mount.

Small, Black: LZ1MPALLDRV2S04

Medium, Black: LZ1MPALLDRV2M04

HV DRIVE

- 170 mm (6.7"), 93g (S); 216 mm (8.5"), 106g (M) / 90 psi, 6.2 bar.
- CNC-machined aluminum barrel and piston.
- Overlapping Composite Matrix handle.
- Presta and Schrader valve-compatible ABS Flex Hose.

Small, Black: LZ1MPHVDRV2S04

Medium, Black: LZ1MPHVDRV2M04

SPORT DRIVE HV

- 170 mm (6.7"), 96g / 90 psi, 6.2 bar.
- Machined aluminum barrel and piston.
- Presta and Schrader valve-compatible Flex Hose.
- Includes Composite Matrix frame mount.

Black: LZ1MPSPDHVV1S04

DIGITAL SHOCK DRIVE • 225 mm (8.9"), 108g / 350 psi, 24 bar.

- Integrated highly accurate digital gauge.
- Compact and lightweight aluminum construction.
- Designed for trailside or home use.
- Hose threads into handle.
- Zero-loss chuck design unthreads after valve pin seals.

LZ1MPDSHKDRV104

DIGITAL CHECK DRIVE

- 150 mm (5.9"), 60.9g / 350 psi, 24 bar.
- Compact tire pressure gauge with highly accurate digital gauge.
- Composite Matrix design.
- Machined aluminum head.
- Presta or Schrader valve compatible Flip-Thread Chuck.

LZ1GAUGEDIGIV13

SHOCK DRIVE

- 260 mm (10.2"), 170g / 400 psi, 27.5 bar.
- CNC aluminum construction.
- Designed for trailside or home use.
- Diaphragm gauge.
- Hose threads into handle.
- Zero-loss chuck design unthreads after valve pin seals.

LZ1MPSHKDRV204

ABS PEN GAUGE

- 210mm, 30.5g / 120 psi, 8.3 bar.
- ABS Flex Hose with integrated pressure gauge.
- Stores in handle of ABS Flex Hose equipped Lezyne hand pumps.(medium and large sizes only)
- Presta and Schrader valve-compatible ABS Flip Chuck.

LZ1RPGAUGEPEV2

CO2 FLEX HOSE

- Stainless steel braided hose with aluminum presta/schrader chuck.

LZ1RPCFH HOSE

ABS FLEX HOSE - POCKET DRIVE

- Replacement ABS Flex Hose for Pocket Drive hand pumps.
- Presta and Schrader ABS Flex Hose compatible with HP, HV, Alloy, Pressure, and Tech Drive hand pumps.

LZ1RPHOSEV4DUAL

ABS FLEX HOSE WITH VALVE CORE TOOL -ROAD

- Replacement abs flex hose with integrated valve core tool, presta compatible.

LZ1RPHOSEV3PRES

ROAD DRIVE MOUNT

• Replacement CNC-machined aluminum pump mount for all Road Drive and Carbon Road Drive pumps. Includes Velcro pump strap.

LZ1RPBRKTALRDDR

POCKET DRIVE PRO MOUNT

• Aluminum frame mounting bracket for Pocket Drive Pro, includes velcro security strap.

LZ1BRKTPKPROV14

HP PUMP MOUNT W/STRAPS

• Composite matrix frame mounting bracket for HP Pumps, includes velcro security strap.

LZ1RPBRKTV1NHPM

HV PUMP MOUNT W/STRAPS

• Composite matrix frame mounting bracket for HV Pumps, includes velcro security strap.

LZ1RPBRKTV1NHVM

NEW HP PUMP MOUNT W/STRAPS

• Composite matrix frame mounting bracket for Grip Drive HP Pumps, includes velcro security strap.

LZ1BRKTV2NHMPM

NEW HV PUMP MOUNT W/STRAPS

• Composite matrix frame mounting bracket for Grip Drive and Pocket Drive HV Pumps, includes velcro security strap.

LZ1BRKTV2NHVMP

SEAL KIT FOR PRESSURE DRIVE

• Seal service kit for Pressure Drive.

LZ1RPSEALKV1HPM

SEAL KIT FOR ALLOY DRIVE

• Seal service kit for Alloy Drive.

LZ1RPSEALKV1HVM

ABS BRAIDED FLOOR PUMP HOSE

• Seal service kit for Road Drive.

LZ1RPSEALKV1RDD

MINI PUMP END CAPS

• Replacement top and bottom rubber caps for hand pumps.

LZ1RPPUMPCAPS

ACCESSORIES TACKLE BOX Y12

• Spare parts for floor and hand pumps, rubber caps, straps etc.

• Y12 Parts.

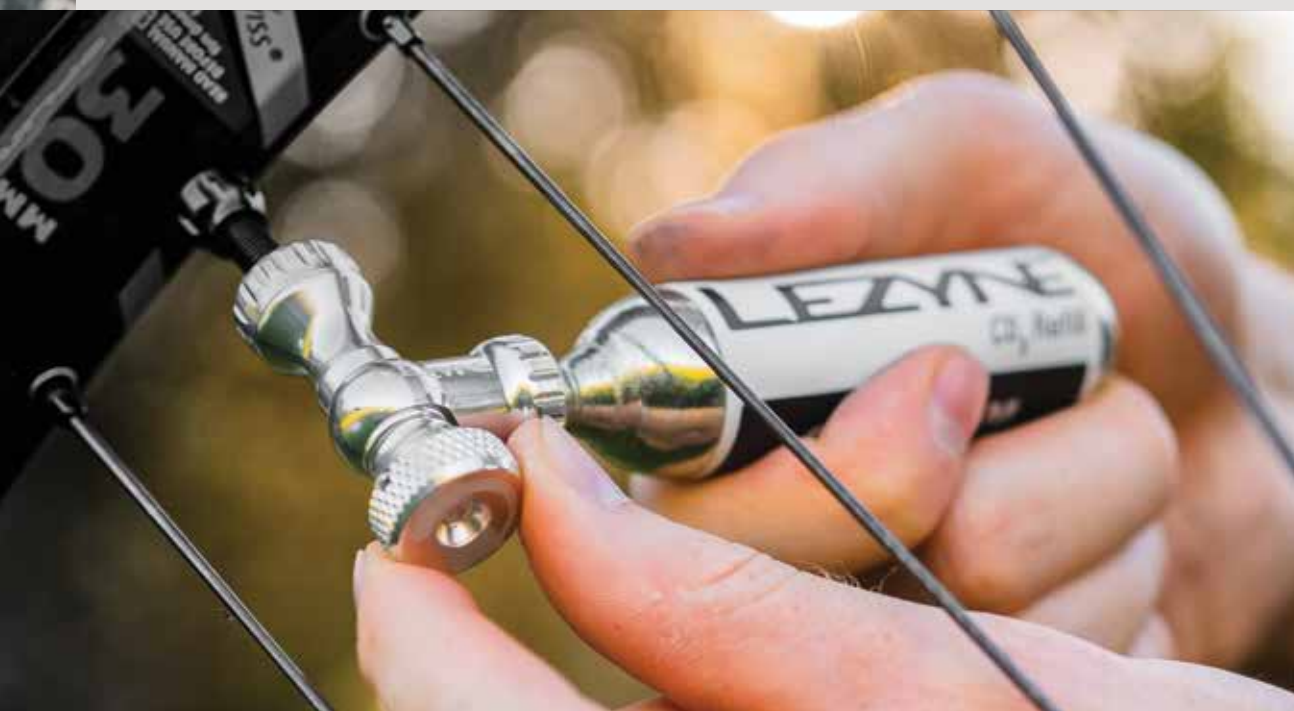

LZ1RPTBOXV8

CO2 INFLATORS

CO2 INFLATORS

Our advanced CO2 inflation systems are elegantly machined from aluminum. Thanks to advanced engineering, they function as beautifully as they look. From simple slip-fit designs to highly advanced controlled-release systems, our CO2 inflators offer superior performance for all cyclists looking for instant tire inflation solutions.

PRESSURE DRIVE CFH

110g

- Versatile 2-in-1 hand pump or CO2 inflator system.
- Integrated steel-braided hose doubles as the CO2 dispenser.
- Pump features a CNC-machined aluminum body, piston, and handle.
- Presta and Schrader valve-compatible Flip Chuck.
- Includes 16g CO2 cartridge, frame mount, and Velcro strap.
- Mounts to a frame or fits in a jersey pocket.
- Compatible with threaded CO2 only.

LZ1C2PRCFHV204

CFH Mounting Options:

Standard mounting option

Alternate mounting option
(2nd CO2 sold separately)

CONTROL DRIVE CO2

16g: 84g

- CNC-machined aluminum dispenser.
- Control knob twists for easy inflation.
- Twin Slip Fit head presses onto Presta and Schrader valves.
- Neoprene sleeve insulates hands from cold during discharge.
- Available with one 16g, or 25g CO2, or as a head only.
- Compatible with threaded CO2 cartridges only.

Head, Sleeve & 16g CO2 Cartridge

Black: LZ1C2CTRLDRV104

TRIGGER SPEED DRIVE CO2

83g

- CNC-machined aluminum dispenser.
- Trigger Valve Operation for easy and controlled inflation.
- Slip Fit head presses onto Presta valve only.
- Neoprene sleeve insulates hands from cold during discharge.
- Available with one 16g CO2 or as a head only.
- Compatible with threaded CO2 cartridges only.

Head, Sleeve & 16g CO2 Cartridge, Black: LZ1C2TRSDRV104

TRIGGER DRIVE CO2

82g w/o CO2 Cartridge / 22g

- CNC-machined aluminum dispenser.
- Trigger Valve Operation for easy and controlled inflation.
- Twin Chuck head threads onto Presta and Schrader valves.
- Neoprene sleeve insulates hands from cold during discharge.
- Available with one 16g CO2 or as a head only.
- Compatible with threaded CO2 cartridges only.

Head, Sleeve & 16g CO2 Cartridge, Black: LZ1C2TRDRV104

Head & Sleeve Only , Black: LZ1C2TRDRV204

TWIN SPEED DRIVE CO2

16g: 74g | 25g: 115g

- CNC-machined aluminum dispenser.
- Slip-on valve operation for quick inflation.
- Twin Slip Fit head presses onto Presta and Schrader valves.
- Neoprene sleeve insulates hands from cold during discharge.
- Available with one 16g, or 25g CO2, or as a head only.
- Compatible with threaded CO2 cartridges only.

Head, Sleeve & 16g CO2 Cartridge, Black: LZ1C2TSPDRV104

Head, Sleeve & 25g CO2 Cartridge, Black: LZ1C2TSPDRV204

CO2 CARTRIDGES

- Threaded CO2 cartridges for use with all Lezyne or threaded CO2 inflators.
- 16g cartridges are compact and suitable for low volume/high pressure.
- 20g are suitable for medium volume/pressure.
- 25g are suitable for high volume or plus-sized tires.
- Available in 5-pack, 30-pack, or in bulk (contact Lezyne for bulk pricing).
- Weight : 16g: 60g(pcs) / 20g: 69.2g(pcs) / 25g: 100.5g(pcs)

5 PACK, 25g: LZ1C2CRTDGV125P

5 PACK, 16g: LZ1C2CRTDGV116P5

Box 30 pcs, 25g: LZ1C2CRTDGV225

Box 30 pcs, 16g: LZ1C2CRTDGV116

- Simple, versatile, threaded CO2 cartridges available in three volumes.
- Compatible with all Lezyne CO2 dispensers.
- Suggested use: 16g - Road, 25g High Volume MTB / Plus Sized.

TWIN KIT

16g: 154g | 25g: 270g

- Compact, all-in-one CO2 and tire repair kit.
- Twin Speed Drive CO2 head.
- Two threaded CO2 cartridges. (16g or 25g)
- Lever Kit. (silver)
- Custom neoprene and Velcro strap secures items together.
- Can be attached to seat posts.
- Fits neatly in most packs or jersey pockets.

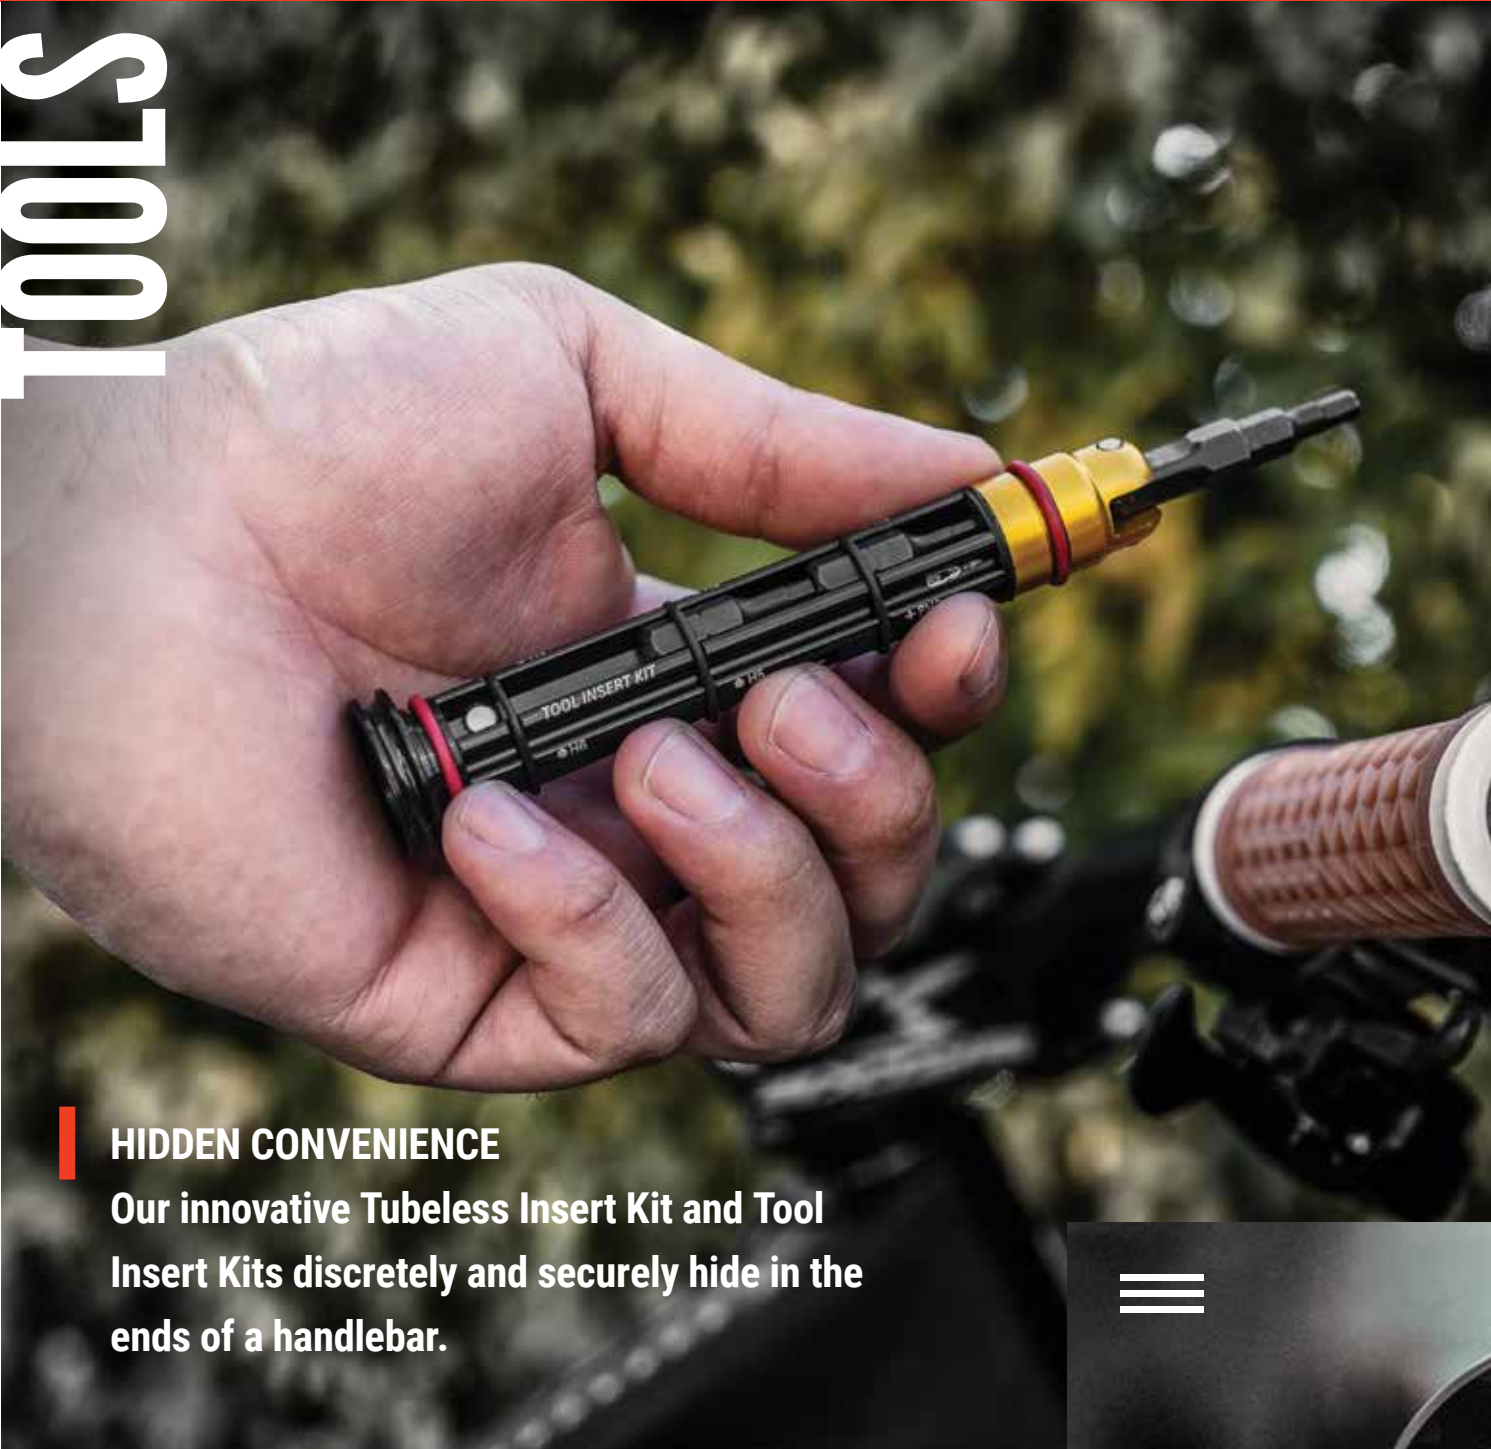

16g: LZ1C2TWRKITV204

LANCE HAIDET / U23 U.S. NATIONAL CHAMPION

TOOLS

HIDDEN CONVENIENCE

Our innovative Tubeless Insert Kit and Tool Insert Kits discretely and securely hide in the ends of a handlebar.

TOOLS

Our tools represent the pinnacle of design and technology built for today's modern bicycles. Developed and manufactured in-house, we use the best materials and engineer them to simplify road or trailside repairs. Each tool is meticulously machined and crafted to be as compact and lightweight as possible. We utilize anti-corrosion materials and finishes for long lasting use and durability.

CLASSIC CHAIN DRIVE

302.5g

- Ultimate shop-quality chain breaker.
- Extra strong steel body.
- Ergonomic driver.
- Hardened steel breaker pin with extra pin stored in handle.
- Adjustable design works with 7/8/9/10/11/12 speed chains.
- Classic wood handle.

LZ1MTCCT105T04

HEX KIT 398g

- Nine piece shop-quality Hex Kit.
- Ideal for the home or shop mechanic.
- High strength chrome vanadium with a super durable chrome finish.
- Folding holder with built in hanger holes to store on a pegboard.
- Hexes: 1.5, 2, 2.5, 3, 4, 5, 6, 8 and 10 mm.
- L-shaped with spherical tip.

LZ1STHEXKITV206

CNC ALLOY BB TOOL 3916 / 4116 / 4416 / 4612

- Rugged, thoroughly engineered shop-quality BB tool for modern bikes.
- For use with our 32mm CNC Rod, an adjustable wrench, or 3/8 socket drive.

Items	Cup O.D.	Notch #	Compatible Bottom Brackets

CLASSIC PEDAL ROD 362g

- Shop-quality pedal wrench.
- Varnished ergonomic wood handle with durable chromoly head.
- Two 15 mm offset wrench openings positioned for optimum leverage.
- Replaceable head and handle.
- Integrated bottle opener.

LZ1STCPWV102

CLASSIC CHAIN ROD 368g

- Shop-quality chain whip with integrated locking tool.
- Varnished ergonomic wood handle with durable chromoly head.
- Custom Lezyne chain attached with stainless hardware for easy replacement.
- Replaceable head and handle.
- Compatible with 7/8/9/10/11/12 speed cassettes.

LZ1STCCWV102

3-WAY SPOKE WRENCH

29g

- Shop-quality 3-way spoke wrench.
- Compact, ergonomic design.
- Durable cast steel body.
- CNC-machined slots.
- Fits 3.2mm, 3.3mm, and 3.45mm.

POCKET TORQUE DRIVE

74g

- Pre-calibrated, torsion ratchet style torque wrench.
- Machined aluminum construction with removable handle.
- 2Nm - 6Nm torque capacity.
- Integrated magnet holds tool bits in place.
- Includes molded EVA foam shell carrying case with storage cutout.
- Bits included: Hex 2.5, 3, 4, 5 mm, Star Bits T20, T25.

LZ1MTPDRV104T1

TORQUE DRIVE 178g

- Pre-calibrated, torsion beam-style torque wrench.
- No preset necessary—simply twist until marker lines up with desired torque setting.
- Machined aluminum construction with removable handle.
- 2Nm – 10Nm torque capacity.
- Super hard CRV (chrome vanadium) black bits.
- Integrated magnet holds tool bits in place.
- Hex bits: 2, 2.5, 3, 4, 5, 6 mm.
- Torx bits: T10, T25, T30.
- Phillips bit + Flathead bit.
- Includes soft shell carrying case with storage cutouts.

LZ1MTTDRV104T1

RATCHET KIT 137.3g

- Durable and compact chrome plated ratchet tool.
- Fine tooth ratchet with reversing lever.
- Fixed opening on opposite end.
- Tool selection optimized for road, gravel, and mountain bikes.
- Super hard CRV (chrome vanadium) black bits.
- Custom machined aluminum extension adapter with Integrated magnet holds tool bits in place.
- Includes soft shell carrying case with storage cutouts.
- Bits included: Hex - 2, 2.5, 3, 4, 5, 6, 8 mm; Torx Bits - T10, T25, T30; Phillips and Flathead bits.

LZ1MTRDRV106

MULTI CHAIN PLIERS

58g

- Professional grade, versatile multi tool pliers.
- Constructed from hardened aluminum.
- Integrated quick link tool and chain breaker.
- Includes: valve core wrench, bottle opener, rotor alignment tool, and storage for two quick links.

LZ1MTCTPLIRV104

CHAIN DRIVE

92g

- Shop quality chain breaker.
- Durable cast and CNC machined steel body.
- Ergonomically contoured shape.
- Replaceable hardened steel breaker pin.
- Four integrated spoke wrenches (also removes breaker pin).
- Adjustable design works with 7/8/9/10/11/12 speed chains.
- Spare breaker pin included.

LZ1MTCT105T04

Chain Drive - Replacement Breaker Pin: LZ1RPCTPINV104

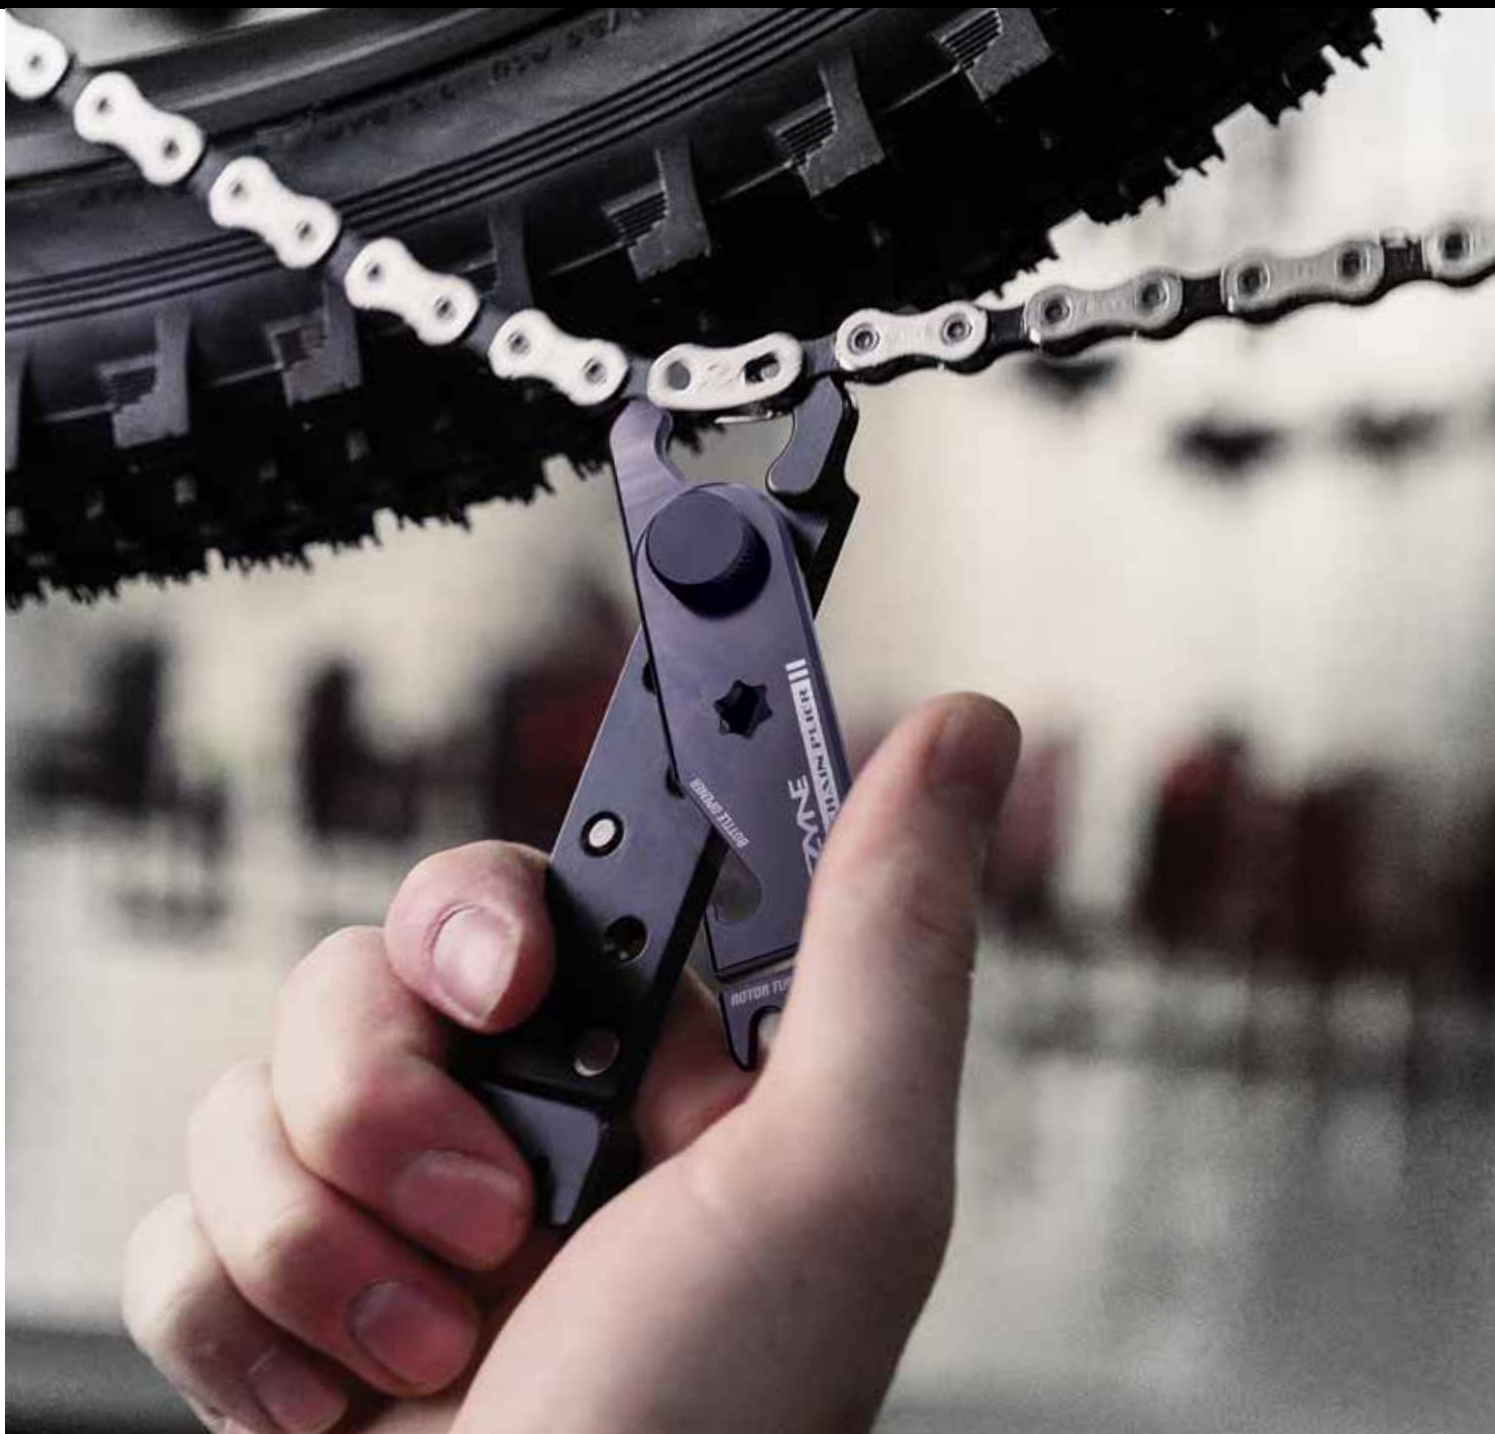

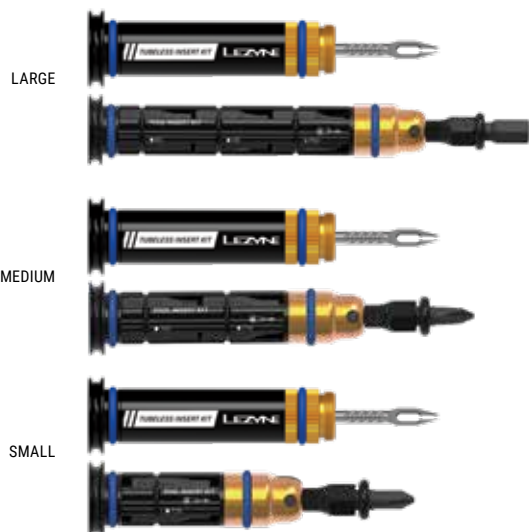

CHAIN GAUGE

28g

- Multi-function chain wear checker and chain holder.
- Constructed from precision-machined stainless steel.
- Integrated valve core tool and bottle opener.
- Included steel ring for hanging storage.
- Works with 5-12-speed chains.
- Available individually or in a countertop box (30 pcs).

LZ1MTCHANGU106

DUAL INSERT KIT L/M/S

L: 107.6g | M: 98.9g | S: 77.9g

- Bar plug combo set.
- Fits most standard flat or riser bars.

Tubeless Insert Kit:

- Machined aluminum tubeless repair kit.
- Securely and discretely inserts like a bar plug.
- Includes five repair plug, and repair tool.

Tool Insert Kit:

- Machined aluminum tool kit.
- Securely and discretely inserts like a bar plug.
- Includes: Swivel head Hex 10mm
Hex bits: 2,3,4,5,6,8mm (L)
Hex bits: 3,4,5,6 mm (M)
Hex bits: 4,5 mm (S)
- Phillips bit.
- T10,T25,T30 (L) / T10,T25 (M) / T25 (S).

Machined aluminum bar plug tool kit.

Includes:

- Machined aluminum tool kit.
- Securely and discretely inserts like a bar plug.
- Includes: Swivel head Hex 10mm
Hex bits: 2,3,4,5,6,8mm (L)
Hex bits: 3,4,5,6 mm (M)
Hex bits: 4,5 mm (S)
- Phillips bit.
- T10,T25,T30 (L) / T10,T25 (M) / T25 (S).
- Fits most standard flat or riser bars.

L: LZ1MTINSTKITV1, M: LZ1MTINSTKITV1M, S: LZ1MTINSTKITV1S

TUBELESS INSERT KIT

30.9g

- Machined aluminum tubeless repair kit.
- Securely and discretely inserts like a bar plug.
- Includes five repair plugs, and repair tool.
- Fits most standard flat or riser bars.

LZ1MTTBLSKITV1

TIRE REPAIR

PRO TUBELESS KIT
The perfect all-in-one tubeless
tire repair system.

TIRE AND TUBELESS ESSENTIALS

We've developed a collection of reliable tire essentials so you can ride with the assurance of not getting stranded. Our glueless patches use a very aggressive adhesive and our tire levers are made from the best and strongest materials. We sweat the little details, including tubeless-specific tire levers and masterfully engineered tubeless tire valves in the collection.

CNC TLR Valve tutorial.

CNC TLR VALVE 44MM

44mm: NEO METALLIC 1PR | Regular 1PR

- Innovative and stylish CNC-machined tubeless tire valve stem.
- Includes integrated valve core remover and T25.
- Fit for most tubeless rims and wheels.
- Lengths: 44mm .
- Weight: 6.3g.

44mm: Neo Metallic: LZ1TLRVL44V130

Black: LZ1TLRVL44V104

Blue: LZ1TLRVL44V110

Red: LZ1TLRVL44V111

Gold: LZ1TLRVL44V112

NEW

PRO TUBELESS KIT 50g

- Comprehensive tubeless repair kit.
- Includes two sizes of plugs, plug retention tool, micro knife, & CO2 inflator.
- Improved tubeless plug reamer/insertor works on road and mountain bike tires.
- Robust aluminum construction with precision ground stainless steel knife.

LZ1PKTBLSP0V104

TUBELESS CO2 BLASTER

Without CO2: 58g | With two CO2: 206g • Innovative 2-in-1 cycling CO2 dispenser and tubeless tire

- repair kit simultaneously inflates and seals tubeless tires.
- Hardened steel reamer scours hole, inserts plug, and inflates tire for an efficient and rapid repair.
- CNC-machined twist knob manually controls release of CO2 gas.
- Aluminum canister holds the five included tire plugs and safely stores the reamer when not in use.
- High quality tire plugs aggressively seal holes.
- Two kit options: With or without two 20g CO2 cartridges
- Includes a simple, versatile Velcro mounting strap.

Without CO2: LZ1PKTBC2V204, With CO2: LZ1PKTBC2V104

Scan QR code for Tubeless CO2 Blaster tutorial.

TUBELESS KIT

EA: 33g

- Compact tubeless tire repair kit.
- Machined aluminum storage tube doubles as a handle.
- Combined tire reamer and insertion tool.
- Includes five tire plugs.

LZ1PKTBLSV104

NEW

TUBELESS PRO PLUGS

- Mushroom plugs that fill the hole and seal the puncture from the inside of the tire
- Includes three different sizes of plugs as well as installation tools
- The closest you can get to a permanent tire repair
- Includes two 3mm, two 3.5mm, two 4.5mm plugs, two abrasive pads, and two rubber cement tubes
- 4.5mm: Length 41.5mm, Weight 4g
- 3.5mm: Length 32.5mm, Weight 2g
- 3mm: Length 26mm, Weight 2g

LZ1PKPTBLSPOV10

CLASSIC TUBELESS KIT

EA: 47g

- Portable tubeless tire repair kit.
- Machined aluminum T-handle.
- Combined tire reamer and insertion tool.
- Includes five tire plugs.

LZ1PKCTBLSV106

TUBELESS PLUG REFILL-10

- Includes 10 tire plugs.

LZ1PKPTBLSV1041

LEVER KIT EA: 47g

- Integrated patch kit and tire lever combo.
- Aluminum case holds patches and tire levers serve as press-fit end caps.
- Six highly adhesive glueless patches.
- Two durable Composite Matrix tire levers.
- Includes tire boot and stainless steel scuffer.
- Available individually or in a countertop box (24 pcs).

Box: LZ1PKLEVERBOX24

METAL KIT EA: 24g

- Waterproof case with rubber end caps.
- Six highly adhesive glueless patches.
- Includes tire boot and stainless steel scuffer.
- Available individually or in a countertop box (24 pcs).

Black: LZ1PKMETALV104

SMART PATCH KIT

EA: 6g

- Ultra-compact polypropylene case.
- Six highly adhesive glueless patches.
- Includes tire boot and stainless steel scuffer.
- Available individually or in a countertop box (34 pcs).

LZ1PKSMARTV16P, Countertop Box: LZ1PKSMARTV1BOX

CLASSIC PATCH KIT

EA: 26g

- Traditionally styled patch kit.
- Rubber vulcanizing adhesive (7 cc).
- Includes six round and two oval patches.
- Includes tire boot and stainless steel scuffer.
- Available individually or in a countertop box (24 pcs).

LZ1PKCLKITV18P, Countertop Box: LZ1PKCLKITV1BOX

SABRE LEVER

62g

- Constructed from forged, heat-treated, and CNC-machined steel.
- Heavy duty 150 mm high-leverage tire lever with aggressive hook design.
- 15 mm pedal wrench (combine two to remove 15 mm nuts).
- Bottle opener.
- Sold as a pair.

LZ1TLSABERV200

TUBELESS POWER LEVER XL

55g

- Strong, fiber-reinforced Composite Matrix levers.
- High leverage design engineered for tubeless setups.
- Also compatible with regular tires.
- Extra long 148 mm length for increased leverage.
- Comfortable, wide handle with interlocking spoke hook.
- Excellent for road, trailside, or everyday use.

Black: LZ1TLTBLSV104

POWER LEVER XL

EA: 57g

- Strong, fiber-reinforced Composite Matrix levers.
- Aggressive hook design suitable for all tire types.
- Extra long 148 mm length for increased leverage.
- Comfortable, wide handle with interlocking spoke hook.
- Available as pairs or in a countertop box (30 pairs).

LZ1TLPPWRXLBV16

Countertop Box, Yellow: LZ1TLPOWRXLV1BOX16

POWER LEVER

EA: 26g

- Strong, fiber-reinforced Composite Matrix levers.
- Aggressive hook design.
- Comfortable, wide handle with integrated spoke hook that locks levers together.
- Available as pairs or in a countertop box (30 pairs).

Black: LZ1TLPOWRV1NL04

MATRIX LEVER

EA: 17g

- Strong, fiber-reinforced Composite Matrix.
- Aggressive dual hook design.
- Available as pairs or in a countertop box (30 pairs).

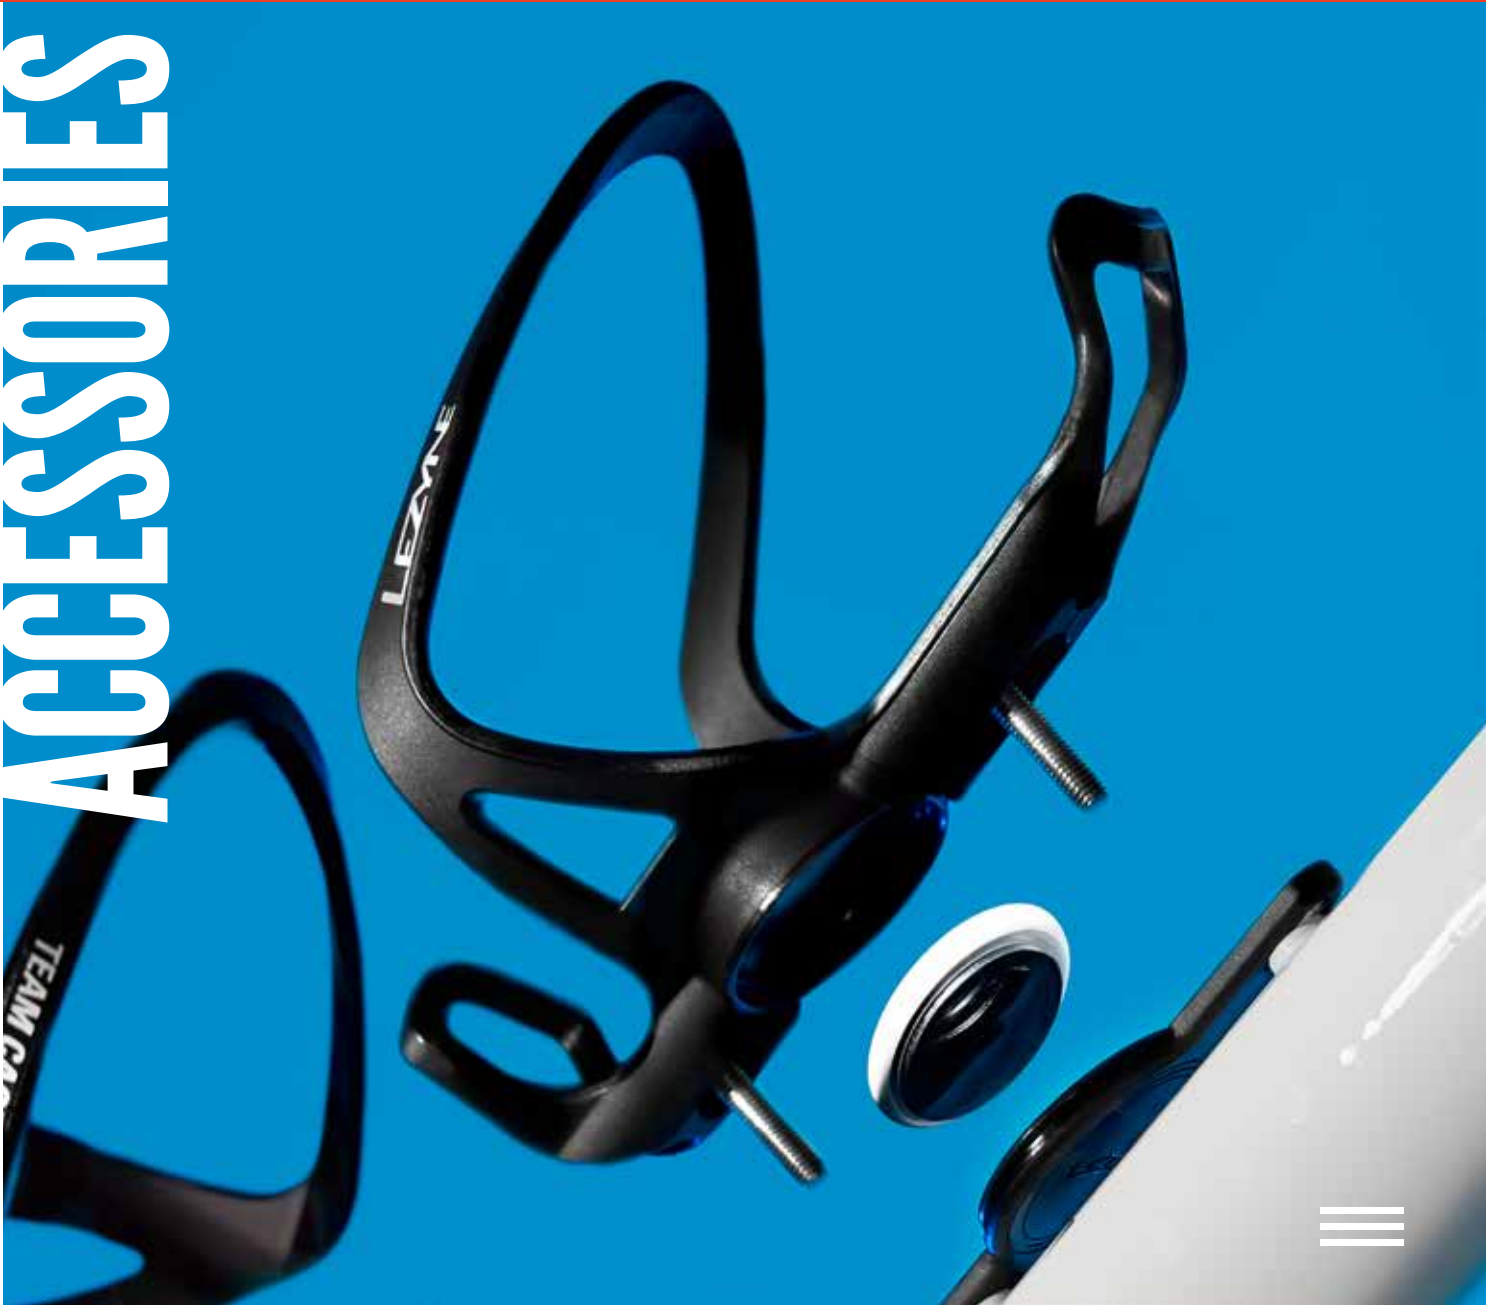

Black: LZ1TLMTRXV1NL04

Countertop Box, Black: LZ1TLMTRXV2BOX04

ACCESSORIES

NEW

MATRIX AIR CAGE

44g

- Sleek bottle cage with an integrated, hidden mount for your Apple Airtag.
- Provides tracking to help reclaim a lost or stolen bike.
- Includes TR25 security bolts and tool.
- Rigorously tested to IPX7 Waterproofing standards.
- Apple AirTag™ not included.

LZ1ATMTAIRV104

AIRTAG™ ACCESSORIES

Amongst the cool new products we've developed are three innovative products to discreetly hide an Apple AirTags™ on a bicycle.

**NEW**

MATRIX BIKE TAGGER

- Mounts and hides an Apple Airtag under a standard water bottle cage or on its' own.
- Provides tracking to help reclaim a lost or stolen bike.
- Includes TR25 security bolts and tool.
- Rigorously tested to IPX7 Waterproofing standards.
- Apple AirTag™ not included.

LZ1ATBKTAGV104

**NEW**

MATRIX SADDLE TAGGER

26g

- Sleek, hidden under-the-saddle mount for an Apple Airtag.
- Provides tracking to help reclaim a lost or stolen bike.
- Includes TR25 security bolts and tool.
- Rigorously tested to IPX7 Waterproofing standards.
- Apple AirTag™ not included.

LZ1ATSDTAGV104

CLASSIC BRASS BELL - HM

33g

- Compact, classic bell shape construction for a high-quality sound.
- Bell and striker are made from black anodized brass.
- CNC-machined aluminum hard handlebar mount, designed for 22.2-25.4 mm tubes.
- Molded rubber shims add grip and fine-tune fitment.
- Stainless steel hammer.
- Impressively loud ring.

ALL BLACK: LZ1BLCLBRSHMV24

CLASSIC BRASS BELL

22g (S) | 27g (M)

- Compact, classic bell shape construction in two sizes for a high-quality sound.
- Bell and striker are made from anodized black brass.
- Machined aluminum base.
- Simple O-ring attachment mounts cleanly to a variety of tube sizes and shapes.
- Impressively loud ring.
- Available individually or in a countertop box .
(S 20pcs / M 16pcs)

ALL BLACK, S: LZ1BLCLBRSV204S, ALL BLACK, M: LZ1BLCLBRSV204M

CLASSIC SHALLOW BRASS BELL

26g

- Modern, unique low-profile design.
- Bell and striker are made from black anodized brass.
- Machined aluminum base.
- Simple O-ring attachment mounts cleanly to a variety of tube sizes and shapes.
- Definitively loud ring.
- Available individually or in a countertop box. (11pcs)

LZ1BLCLBRSV204

BICYCLE STORAGE

Much like with our jaw-dropping shop tools, we combined our engineering expertise with our distinct sense of style to create a line of professional-quality bicycle storage units that boast a modern touch of elegance. Built to last, these racks have been crafted to add a touch of style to any room or garage while saving space and keeping your bikes securely on display.

CNC ALLOY WHEEL HOOK

374g

- Modern, industrial 3-piece bicycle wall mount.
- Stylish CNC-machined aluminum wheel hook and tire plates.
- Durable, anti-slip cover secures bike and safeguards rim.
- Minimalist aluminum tire plates prevent wall scuffing.
- One-time installation for easy bike storage and space saving.
- Suitable for all styles of standard bicycles: from BMX to downhill bikes.*
- Mounting hardware included.
- Approved up to 3.5" tire width.
- 13cm of rim + tire clearance.
- 70lb / 32kg weight capacity.

*Check space height and tire/rim diameter.

May not work with some wheel spoke patterns

LZ1BSCNCTHV104

STAINLESS PEDAL HOOK

486g

- Modern, industrial 3-piece pedal hook wall storage.
- Stylish and resilient polished stainless steel finish.
- Compact, sleek tire plates prevent wall scuffing .
- One-time installation for easy bike storage and space saving.
- Compatible with standard bicycles and pedals.*
- Mounting hardware included.
- Approved up to 3" tire width.
- 70lb / 32kg weight capacity.

*Check sizing first.

LZ1BSSTPDHV106

BAGS & ORGANIZERS

ORGANIZED FOR EVERYTHING

Our soft goods and organizers have been an integral part of the Lezyne brand since our inception. We offer a large variety of styles and sizes, be it a small, aero saddle bag, a full collection of bike-packing essentials, or everything in between—from jersey wallets to handlebar-mounted phone holders. Our bags and organizers are known for their quality, durability, clean aesthetics, and excellent value.

Cyclists of all types will find something to help keep them organized out on the road or trail.

AERO ENERGY CADDY

125g

- 0.7 L Capacity.
- Large toptube organizer with aero design.
- Rivet system to bolt onto frames with removeable straps.
- For quick access to snacks and smaller items.
- Molded EVA foam structure with durable nylon cover.
- Durable, high quality materials.
- Reflective features for added safety.
- Size: W26cm x H7.4cm x D15cm.

LZ1ECARCDYV104

ENERGY CADDY

67g

- 0.5 L Capacity.
- Large, simple toptube organizer for quick access to snacks and smaller items.
- Molded EVA foam structure with durable nylon cover.
- Elastic midsection expands to accommodate larger contents.
- Velcro-mesh cover keeps items in place.

LZ1ECNRGV2L04

POD CADDY QR M

160.6g

- 0.8 L Capacity.
- Molded EVA foam, semi-rigid construction with QR Mounting System.
- Durable woven nylon cover with extra wide clamshell opening.
- Internal mesh divider keeps contents in place.
- Reflective piping increases visibility.
- Water resistant.

LZ1SBPCADDYV1M4

MICRO CADDY QR S/M

S: 139g | M: 143.3g

- Small: 0.2 L Capacity / Medium: 0.3 L Capacity.
- Compact, aero-shaped design with QR Mounting System.
- Printed internal pockets to organize money, tools, and tire repair items.
- External multi-tool sleeve.
- Reflective piping increases visibility.
- Water resistant.

Small: LZ1SBCAV1MCSQR4
Medium: LZ1SBCAV1MCMQR4

M CADDY QR

135g

- 0.4 L Capacity.
- Medium sized, wedge-shaped design with QR Mounting System.
- Durable woven nylon construction.
- Printed internal pockets to organize money, tools, and tire repair items.
- External multi-tool sleeve.
- Reflective logos and loop increase visibility.
- Water resistant.

LZ1SBCADLDV1S04

STUFF CADDY

91g

- 1.3 L Capacity.
- Simple, versatile caddy with multiple mount options to carry extra "stuff."
- Quickly and securely mounts to handlebars, frame, fork, or almost anywhere.

LZ1CSSTUFFV104

HARD CADDY

152g

- 2.2 L Capacity.
- Large capacity handlebar bag.
- Highly water resistant zipper and material.
- Top opening for easy access.
- Adjustable straps and simple Velcro mounting system.
- Reflective features and light mounts for added safety.
- Size: W26cm x H13cm x D13cm.

LZ1SBHDCADDYV14

FLOW TOOL CADDY PRO

84g

- Sleek, water bottle-shaped organizer fits into standard bottle cages.
- Internal compartments, including one zippered, help organize small cycling essentials.
- It features a soft, semi-rigid, water resistant shell.
- A full zipper allows for 180° opening, providing easy access and better organization.
- Inner lining prevents or limits noise from interior parts.

LZ1BCFLWCAV304

POCKET ORGANIZER BAG

50g

- 0.12 L Capacity.
- Fits in cycling jersey pocket or utility pocket.
- Internal separator sleeve helps organization, includes credit cards pocket x1, zippered pocket x1, and two mesh pockets for tools.
- Water resistant.
- External dimensions are 15 x 7.6 x 2 (cm).

LZ1SBPKBGV104

SENDIT CADDY

50g

- Lightweight, versatile cycling organizer strap quickly and securely mounts to frame or seat post.
- Three labeled compartments keep gear and tools organized and secure on the roughest trails.
- Durable, high-quality materials including polyester, neoprene, and rubberized elastics for added grip.
- Strap is capable of holding up to one 25g CO2 cartridge and a 29" mountain bike tube, plus a small multi tool and tire levers.
- Inner tube, CO2 cartridge and tire lever not included.

Caddy: LZ1SBSDCADDYV10

FLOW CADDY

84.7g

- Lightweight, rigid container that fits in standard bottle cages.
- Universal storage for essential roadside repair items.
- Water-resistant threaded lid.

Caddy with Organizer: LZ1BCFLCDYV204

CADDY SACK

S: 50g M: 38g

- Simple, reusable sack holds a variety of ride essentials.
- Durable materials, welded seams, and roll top closure provide weather protection.
- Large opening offers quick, easy access.
- Available in Small and Medium sizes.

S: LZ1CSCADDYV2S04, M: LZ1CSCADDYV2M04

SMART CHAINSTAY PROTECTOR

S: 95 x 250 mm / 15.4g M: 130 x 250 mm / 20g

L: 180 x 250 mm / 29g

- Durable protector designed to reduce chain noise.
- Puncture resistant exterior neoprene protects frame finish.
- Rubberized interior prevents slippage.
- Available in three sizes.
- Machine washable.

S: LZ1PRSMARTV1S, M: LZ1PRSMARTV1M, L: LZ1PRSMARTV1L

CYCLING'S ULTIMATE GPS PLATFORM

Our platform provides an expansive array of features and services for every type of cyclist. From basic data recording to extensive workout plan integration, Lezyne's GPS units are simple and ready to use out of the box and also fully customizable to take training to the next level. For navigation, the lineup allows for straightforward, point-to-point navigation or comprehensive offline route building. We offer devices with best-in-class battery runtime (up to 48 hours) or lightweight units from a scant 60 grams. Other features include phone notifications, Lezyne Track (live tracking), and free firmware support and upgrades that constantly refine the technology and operation of our computers.

THE REDESIGNED GPS ALLY PHONE APP

Our link between rider and our GPS computers. Quickly and easily program and customize a Lezyne GPS computer. Wirelessly upload rides and/or auto-sync activities to Strava, Komoot, Today's Plan, TrainingPeaks and Relive. Get notifications on your GPS from many popular social media and messaging apps in addition to standard text, call, and email notifications. Follow Strava Live Segments, load maps from around the world, build custom routes, and activate Lezyne Track (live tracking), all with a touch of a button!

ELEVATED INTEGRATION

Seamless compatibility with Komoot and Relive.

Actual Size

MEGA XL GPS \$199.99 / €199.95 / 83g

48-HOUR RUNTIME

With victories at the Giro d'Italia and UNBOUND Gravel, the Mega XL has been proven at the highest and most rugged levels of racing. But with its best-in-class battery runtime, ease of use, and large hi-res screen, any recreational road or off-road rider can escape for the weekend and enjoy this feature-packed GPS cycling computer.

LZ1GPSMEGAXLV10

MEGA XL GPS FEATURES:

- Add data fields to map and navigation screens
- Power metrics: TSS®, Work, Normalized Power®, Intensity Factor®.
- Additional navigation queues
- Durable, composite construction
- Super accurate, advanced data recording system combines GPS plus GLONASS satellites
- Simultaneous ANT+™ and BTLE connectivity
- Multiple real-time features when paired to the Lezyne Ally app
- Barometer and accelerometer
- Simple setup through Lezyne Ally phone app
- Indoor Trainer Mode
- Multiple bike profiles
- Full navigation
- Lezyne Track (live tracking)
- Intuitive four button operation
- Up to 48 hours of runtime
- Micro USB rechargeable
- Stores up to 800 hours of ride data
- Customizable fields and page count (up to 10 fields)
- Detailed map screen
- Custom alerts and auto presets
- Extremely weather resistant
- Includes X-Lock Standard Mount

CONNECTIVITY:

- Navigate with Komoot
- Sync activities to Relive
- FE-C Trainer compatibility
- Smart Connect compatible
- Receive text, email, phone call, and message app notifications when paired to smartphone
- Sync rides via Bluetooth Low Energy to the Lezyne Ally phone app
- Instant download of ride files (.fit) via plug-and-play flash drive technology (Windows/Mac) and upload directly to GPS Root website for ride analysis
- Auto-sync to Strava, TrainingPeaks, and Today's Plan
- Pairs with BTLE or ANT+ enabled heart rate monitors, cadence/speed sensors, and power meters
- Connects with compatible electronic drivetrains
- Custom route building
- Turn-by-turn navigation
- Off-line maps and rerouting
- Import custom .TCX or .GPX routes
- Follow Strava Live Segments
- Follow structured workouts from Today's Plan and TrainingPeaks

DIMENSIONS:

- Computer: 57.5mm (W) x 78.3mm (L) x 26.6mm (H)
- Screen: 35.3mm (W) x 58.8mm (L)
- Weight: 83 grams

Actual Size

SUPER PRO GPS \$149.99 / €149.95 / 60g

28-HOUR RUNTIME

The completely redesigned Super Pro GPS cycling computer is an excellent choice for all riders looking for a full-featured, mid-sized device. New styling gives the device an enhanced look and feel, and it can be rotated horizontally for those that prefer a landscape view. Its screen has improved resolution and contrast and now features a map page for an upgraded navigation experience.

HEART RATE FLOW SENSOR

44g

- Durable, lightweight polycarbonate with translucent body.
- Conforms to BLTE standards for maximum compatibility.
- Flexible athletic strap.
- Replaceable CR2032 coin cell battery.

LZ1PSHRFSV104

PRO SPEED SENSOR

8g (w/ battery)

- Accurate, compact magnetless speed sensor.
- Installs quickly and connects via BLTE.
- Connect up to two devices: e.g. smart trainer + head unit.
- Mounts on most hubs / Replaceable CR2032 battery.

LZ1PSPROSV104

PRO CADENCE SENSOR

8g (w/ battery)

- Accurate, compact magnetless cadence sensor.
- Installs quickly and connects via BLTE.
- Connect up to two devices: e.g. smart trainer + head unit.
- Mounts to crank arm / Replaceable CR2032 battery.

LZ1PSPROCV104

GPS FORWARD BAR MOUNT CM

22.6g

- Low-profile and streamlined.
- Utilizes Lezyne's unique press-and-twist X-Lock system.
- Durable Composite Matrix construction.
- Reliable single-pivot 31.8 bar clamp.

LZ1GPSFBMCMV104

GPS O-RING MOUNT KIT

9.2g (mount only)

- Utilizes Lezyne's unique press-and-twist X-Lock system.
- Constructed from Composite Matrix.
- Includes two pairs of differently sized mounting O-rings.
- Fits a wide range of bars and stems.
- Included with all Lezyne GPS units.
- Mount in any direction.

GPS O-ring Mount Kit: LZ1GPSORMCMKV10 / 4g
O-ring Replacement Set: LZ1GPSORINGV104

BOTTLES & CAGES

THE LATEST
Neo Metallic finishes and
the race-ready Team Matrix
and Team Carbon models join
our collection of cages.

NEXT LEVEL HYDRATION

Our bottle cages are engineered and tested to hold bottles tightly over any terrain while providing easy access thanks to creative designs including side-loading construction, top catches, and larger openings. All of our cages are made from premium carbon, aluminum, or Composite Matrix, ensuring the highest quality at all of our price points. Our range of classic water bottles includes models constructed from “zero taste” materials as well as insulated options.

CARBON TEAM CAGE

24g

- Full carbon cage.
- Lightweight.
- Extra secure design.
- Innovative carbon layup.

Black Graphic: LZ1BCCBTEAMV104

CNC CAGE AL

Neo Metallic: 39g

- Constructed entirely from CNC-machined aluminum.
- Strong and lightweight heat-treated design.
- Sturdy ribs and top catch secures a wide variety of bottles.

Neo Metallic: LZ1BCCNCRCV1AL3

Black: LZ1BCCNCRCV2AL0

MATRIX TEAM CAGE

34g

- Ergonomic, easy-loading cage.
- Fiber-reinforced Composite Matrix construction.
- Stylish, modern look.

Black: LZ1BCMTTEAMV104, White: LZ1BCMTTEAMV107,

Red: LZ1BCMTTEAMV111

FLOW CAGE 48g

- Durable, fiber-reinforced Composite Matrix construction.
- X-Grip cage design with dual upper catches holds bottle securely.

Black: LZ1BCFLV104

FLOW CAGE SL

53g

- Durable, reinforced Composite Matrix construction.
- Optimized side-load design for easy access in compact frames.
- Available in left or right-side configurations.
- Available in pairs or singles.
- Enhanced graphics feature high quality painted finish

Black SL-L: LZ1BCFSLLV104, Black SL-R: LZ1BCFSLRV104
 White SL-L: LZ1BCFSLLV107, White SL-R: LZ1BCFSLRV107

FLOW CAGE SL PAIR

106g

- Durable, reinforced Composite Matrix construction.
- Optimized side-load design for easy access in compact frames.
- Available in left or right-side configurations.
- Available in pairs or singles.
- Enhanced graphics feature high quality painted finish

Black: LZ1BCFSLPU104
 White: LZ1BCFSLPV107

POWER CAGE 64g

- Simple, lightweight aluminum tube construction.
- Stamped aluminum base is formed and welded to the tubing.
- Classic, wrap-around design securely holds bottles over rough terrain.

Black: LZ1BCPOLEV117
